1. Nature of Operations

Southern Silver Exploration Corp. (the "Company") is an exploration stage company incorporated under the laws of British Columbia, Canada. The Company's principal business activities include the acquisition, exploration, and development of natural resource properties for enhancement of value and disposition pursuant to sales agreements or development by way of third-party option and/or joint venture agreements. The Company's registered office is 1710 - 1177 West Hastings Street, Vancouver, British Columbia, Canada, V6E 2L3.

The business of exploring for minerals involves a high degree of risk and there can be no assurance that any of the Company's current or future exploration programs will result in profitable mining operations. The recoverability of amounts shown for mineral properties is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain financing to complete their exploration and development, and establish future profitable operations, or realize proceeds from their sale. The carrying value of the Company's mineral properties does not reflect present or future value.

The economic uncertainties around persistent inflation pressure, geopolitical events and the lingering COVID-19 pandemic have the potential to slow growth in the global economy. Future developments in these challenging areas could impact on the Company's results and financial condition and the full extent of that impact remains unknown.

2. Basis of Preparation and Consolidation

These condensed consolidated interim financial statements were prepared in accordance with International Accounting Standard 34: *Interim Financial Reporting* on a historical cost basis, except for cash flow information and financial instruments measured at fair value. The financial statements of the Company consolidate entities controlled by the Company as follows:

Entity	Country of Incorporation	Principal Activity
Southern Silver Holdings Limited ("SSHL")	British Virgin Islands	Holding company - 100% owned by the Company
Minera Plata del Sur S.A de C.V. ("MPS")	Mexico	Mineral exploration - 100% owned by SSHL

Southern Silver Exploration Corp. (US)	United States of America	Mineral exploration - 100% owned by the Company
Exploraciones Minasol S.A de C.V.	Mexico	Mineral exploration - 100% owned by the Company

All inter-company transactions and balances have been eliminated upon consolidation. The Company's functional and presentation currency is the Canadian dollar.

These condensed consolidated interim financial statements were approved and authorized for issue by the Board of Directors on March 21, 2023.
